Guam

Remarks on Board Ship Ann Alexander

Thursday May 4th 1845. At the above hours we sprung
Lat 13.05 North Lon 148.51 East
Cast to Guam 579 Miles Course W 21 W

Friday May 5th 1845. P.M. squally weather the Wind most of the time
Lat 12.41. North Lon 151.35 East

Saturday May 6th 1845. All this day fine pleasant weather
employed getting up stocks and Riggs
Lat 13.06 North Lon 147.40 East

Sunday May 7th 1845. All this day fine pleasant weather
Lat 13.06 North Lon 147.35 East

Monday May 8th 1845. P.M. some squally & A.M. much the same
as yesterday made the S.E. end of Guam
this came to the town and took a Pilot
about 11 Oclock and stood for Umatta
Bay to get water for the next cruize

Tuesday May 9th 1845. P.M. at one Oclock came to in
Umatta Bay in 10 fathoms water
sent the Launch & eight of casks ashore
for water and got off 570 bbls at sun
down, midst most squalls & all got
off. Unrove a Boats rope thro Cats

Wednesday May 10th 1845. Employed the under part of the fathoms
and to the other go the shower down
our water in a complete gale and heavy
squalls at sun down sent down Topgallt
Yards Middle part much same as yesty
squalls with almost continual rain A. M.
much the same shower down some water and
chocks off & we could between stocks
with empty casks and other outstore
while the ships remained the land which
was about S.E. from us there was a heavy
gale swell setting in from the S.W. &
would willingly give all that I have in the
Ship if I was on the shore which about
600 Dollars all told

Thursday May 11th 1845. P.M. struck Topgallt Masts and broke
the Main Topgallt it by sending down the
same without letting go the main royal stay
by some mistake they came down about my

20 Miles dist which we found to be Martha
Vineyard and Nomans Land Latter part spoke
Pilot Boat Josiah Sturgis of Hingham and
took a Pilot out of her saw several small
Vessels through the day and all day a strong bree

Sunday Nov 4th Through
First part a smart breze to the Westward
saw several small crafts Latter part stood
into Buzzards Bay and beat up to Hol
Hill and from there we Pilot
where we came to and all hands went ashore except
self after which the Pilot came on
and brought me my Supper
the last 24 hours and he
